

▶ **Healthy Blue Living paper qualification form**

In keeping with our efforts to go “green,” Blue Care Network is phasing out the paper *Blue Care Network Qualification Form* for *Healthy Blue Living*SM and *Healthy Blue Living Rewards*SM members.

- Effective Oct. 1, 2011, BCN will no longer reimburse physicians for submission of the paper BCN qualification form.
- After March 31, 2012, BCN will not accept paper BCN qualification forms. We will only accept forms submitted via Health e-BlueSM.

▶ **Tips: HBL tobacco and depression screening**

- If a member is already in the Health e-BlueSM system, a message will appear if the member's current employer group does not require the nicotine metabolite (cotinine) screening laboratory test to rule out tobacco use, or does not require depression screening.
- You do not need to retest a member who previously tested negative for cotinine. Health e-Blue will flag those members who do not need a cotinine test and provide the message that a cotinine result is not required.
- For all form submissions, you must still select tobacco use and depression scores of A, B or C to complete the form submission process.
- If adding a new member, you must complete all screening tests and results in order to save the form.
